Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2015-16 educational progress for George Crockett Academy.

The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact the school for help if you need assistance.

The AER is available for you to review electronically by visiting the following web site [www.crockettacademy.com](http://www.crockettacademy.com) or you may review a copy in the school leader's office at your child's school.

For the 2016-17 year, no new Priority or Focus schools were named; some Priority or Focus schools did exit their status because they met the exit criteria. New Reward schools were identified using school rankings and Beating the Odds information. A Focus school is one that has a large achievement gap between the highest and lowest achieving 30% of schools. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. A Reward school is one that has achieved one or more of the following distinctions: top 5% of schools on the Top-to-Bottom School Rankings, top 5% of schools making the greatest gains in achievement (improvement metric), or "Beating the Odds" by outperforming the school's predicted ranking and/or similar schools. Some schools are not identified with any of these labels. In these cases no label is given.

Our school has not been given one of these labels.

#### Mission Statement:

"George Crockett Academy provides a nurturing, respectful and stimulating academic environment, committed to the empowerment of responsible citizens who are critical thinkers in a global society."

#### Vision Statement:

The entire George Crockett Academy community is committed to developing students who are self-respecting, respectful of others and dedicated to community service. The students of GCA are taught to believe in the power of law to solve problems for justice and equal rights.

The key challenge for George Crockett Academy is increasing student proficiency in the core academic areas. In order to meet these challenges, the academy has implemented the following:

1. Response to Intervention/Positive Behavioral Intervention Support (RTI/PBIS)
  - RTI/PBIS is a school-wide process to identify and remediate students at varying levels of achievement. Staff use data to target instruction with increased intensity or duration for those who need it.
2. Data Driven Decision Making
  - Data driven conversations focus on developing a deep understanding of the current data on the status of student achievement, interpreting the data, identifying root causes and determining how to use the data to identify broad strategies and specific activities to foster our goal of 100% proficiency.
3. Differentiated Instruction
  - Teachers assess and plan for instruction based on the diverse abilities, background knowledge, and preferred learning styles of students with the goal of increasing flexibility in teaching and decreasing barriers to learning.

### **State law requires that we also report additional school-site based information:**

#### **Annual process for assigning pupils to the school:**

- George Crockett Academy is a free, public school and adheres to all requirements outlined by its charter authorizer and federal and state law regarding enrollments.
- The academy does not charge tuition nor discriminate in admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, religion, creed, race, sex, color or national origin.
- Current students are given the opportunity to re-enroll in late winter, with preference given to them and their siblings.
- In the spring, the school holds an advertised open enrollment period, during which any Michigan resident may apply.
- In the event that any grade is over-subscribed, a public lottery is held to determine enrollment and a waiting list.

- The academy identifies, evaluates and services all children in the school who may have disabilities. For more information regarding assistance for students with disabilities or if you suspect your child may have a disability, please contact the school leader.

### The status of the 3-5 year school improvement plan:

2015-16: The academy continues to implement the initiatives outlined in the school improvement plan. To help build our Response to Intervention program, we have implemented a daily 45 minute targeted intervention block in grades K-5 to supplement daily core instruction. Instructional staff continues to receive professional development on differentiated instruction and using assessment data to inform instruction.

2014-2015 This is the academy's third year of implementing the initiatives of the school improvement plan. The academy met the MEAP reading targets for the previous two years. As we transition to the state's new M-Step test, we are focusing on implementing our initiatives of the school improvement plan. Our grade level data teams continue to analyze summative and formative data to evaluate successes and make adjustments if needed. Response to Intervention/Positive Behavioral Interventions also continues to be a critical piece in driving student academic success and has expanded to include

### Status of the curriculum

2015-16: The academy implements the Kent County Collaborative Core Curriculum (KC4) in grades K-8 for ELA, Science, and Social Studies. Our KC4 curriculum can be accessed at [www.curriculumcrafter.com](http://www.curriculumcrafter.com). This is the first year we have implemented the EngageNY Math curriculum school-wide. The EngageNY Math curriculum includes rigorous classroom modules that explore fewer math topics but with deeper understanding and reasoning. Our math curriculum can be accessed at [www.engageny.org/mathematics](http://www.engageny.org/mathematics).

2014-15: The academy continues to implement the Kent County Collaborative Core Curriculum (KC4) at grades K-8. KC4 is aligned with Common Core State Standards and promotes mastery of all content areas (math, ELA, science, and social studies). KC4 provides developmentally appropriate and purposefully sequenced instructional units, which include a plethora of resources such as links to websites, essential questions, and assessments. George Crockett Academy continues to provide K-8 instruction in the areas of reading, science, social studies, history, math, language arts, spelling, writing, phonics, computers, music, physical education and art. Our KC4 curriculum can be accessed at [www.curriculumcrafter.com](http://www.curriculumcrafter.com).
